

Global Staffing Solution

Getting you the right candidate from anywhere in the world.

Ariosh is a leader in the supply of manpower to Oil and Gas Industry in West Africa. We have access to a pool of qualified personnel through our membership of networks of reputable local and international recruitment agencies. We bring technical expertise and a consultative approach that delivers complete recruitment solution.

Over the last couple of years we supplied hundreds of professionals to Oil Producing and Services Companies in West Africa. Our proven track record of successful placement of manpower and personnel management spans across different disciplines ranging from highly specialized engineers to management staff and professionals

Data Bank of 100,000+ Qualified Resumes

We maintain a Personnel Data Bank, which covers every field, trade and profession in the oil and gas industry. Urgently needed manpower can be at your worksite in as little as 2-3 weeks from the time you get in touch with us.

Ariosh Personnel Data Bank is a gold mine of information, which is the result of many year spent on careful and scrupulous evaluation of suitable candidates. It is maintained to save our Client's valuable time and energy when sourcing for professionals. We update our database continuously ensuring we can quickly identify suitable personnel for our clients.

Network of Global Recruitment Agencies

Our established network affiliations with reputable recruitment agencies across the globe afford us the flexibility of both local and international recruitment cutting across various continents. We are in strategic position to respond immediately and effectively to our clients business needs.

Value Improving Services

Our commitment to meet Clients' requirement and to match them with jobseekers career aspirations has enabled us to develop in-house recruitment methodology that has worked efficiently over

the years. We bring employees and employers together and create long-term, win-win situations for both parties.
